

Workforce Rookie

We've crafted a unique Workforce Rookie program, designed specifically to give our new recruits a dynamic start to their career journey. We understand that entering the workforce can be intimidating, and our initiative is aimed at reducing this stress. By ensuring our newcomers feel confident and effective in their roles, we not only boost their morale but also increase their likelihood of long-term success with us.

Workforce Rookie is cost effective, available for new employees every other month, and reduces your training time. Each workshop includes live webinars mixed with experiential learning activities that prepare staff to serve customers with understanding an purpose immediately.
